

I find it immensely comforting knowing
 a person being happy.

Today I finally managed to visit
 a good friend while he was being
 visited by my wife. I was so glad for
 this happy few just a long time.

Yes, I remember your happiness on many
 an occasion, but not to this extent!

It makes me ~~happy~~ glad to see you in
 this state.

Let's please be this more often.

Let's see how much to this happy
 of them.

Let's see how much to this happy
